Dear Sir:

Applicant respectfully requests a replacement for the Notice of Informal or Non-Responsive Amendment that was apparently mailed on 1 February 2002, but which Applicant has not received. This error was discovered recently by the undersigned after checking the associated PAIR data on the USPTO Internet web site, as indicated in **Exhibit A**. It is likely that the Notice was mailed to the previous address of record. A request to change the address of record in this application was made to the USPTO Electronic Business Center (EBC) on 27 September 2001, but was not effected by the USPTO until either 30 January 2002 (PAIR records) or 1 February 2002 (Run date for Customer Number Assignments to Patents and Pending Applications).

CERTIFICATE OF MAILING/TRANSMISSION (37 C.F.R. section 1.8(a))

I hereby certify that, on the date shown below, this correspondence is being:

MAILING

- ☐ deposited with the United States Postal Service with sufficient postage as first class mail in an envelope addressed to the Assistant Commissioner for Patents, Washington, D.C. 20231.

FACSIMILE

- ☒ transmitted by facsimile to the Patent and Trademark Office to FAX number 703-308-7722.

Attorney Docket N . CIC-037-US

The undersigned was able to speak with the Examiner this morning (3 July 2002), and responsive to that conversation, is providing herewith copies of the following matter evidencing Applicant's earlier attempts to change the address of record in the instant application:

Exhibit B: a copy of the letter of 27 September 2001 sent to USPTO Box EBC requesting association of Customer No. 26659 with a list of U.S. patents and applications, including the instant application;

Exhibit C: a copy of date stamped return postcard associated with **Exhibit B**;

Exhibit D: a copy of the contents of the floppy disk mailed with the letter of **Exhibit B**, containing a list of the patents and/or applications to be associated with Customer No. 26659 and its associated address, with the instant application indicated by adjacent arrows; and

Exhibit E: a copy of page 33 from the report of customer number assignments to patents and patent applications, provided by the USPTO for Customer No. 26659, run date 02/01/02.

Furthermore, the AMENDMENT UNDER 35 U.S.C. § 1.111 filed on 4 December 2001 indicated the proper address associated with Customer No. 26659, with the instant application indicated by adjacent arrows.

Applicant respectfully requests that a replacement Notice of Informal or Non-Responsive Amendment be mailed, dated so that Applicant's response thereto can be timely without requiring further fees.

Respectfully Submitted,

Kurt L. VanVoorhies
